

*Teamwork. Communication. Unity.*

*Feeding People, One Helping Hand at a Time.*

We would like to give a special thanks to the Superfresh employees for dedicating their time and effort to improve lives in our community.

This year, we are delighted to announce that 10 tractor-trailer trucks were filled with non-perishable goods and distributed across 10 cities, including our very own hometown, New Orleans. Not only were the employees of Superfresh involved, but corporate and management took part in this generous act as well. Everyone together helped plan these drives, bagged, transported and distributed food, stocked the Feeding America pantry, and provided further assistance to the Feeding America patrons.

Feeding America prides itself in enriching other people's lives with the freshest and most cost-effective food products. Without the help of Superfresh employees, these successful drives would not have been possible. We couldn't be more proud, and we hope to continue to serve our community.

We're here for you. We're here to help. We're in this together.
